PROFESSIONAL SUMMARY

Results-driven Records and Data Management Professional with over four years of experience in records management, electronic records administration, data validation, database management, and technical support within the Ministry of Education, Youth, Skills and Information. Experienced in maintaining confidential records, managing information systems, providing stakeholder support, generating reports, and delivering user training. Currently pursuing a Bachelor of Science in Computer Science at the University of Technology, Jamaica, with a strong interest in Human Resource Information Systems (HRIS), records management, and digital transformation.

PROFESSIONAL EXPERIENCE

Records Clerk / Data Entry Clerk

Ministry of Education, Youth, Skills and Information
April 2024 – Present

- Manage and maintain electronic employee and school records using the OPEN EMIS platform.
- Create, update, validate, and maintain records while ensuring data accuracy, confidentiality, and compliance with Ministry policies.
- Perform data validation and quality assurance checks to maintain accurate databases.
- Retrieve, update, and archive electronic records in accordance with records management procedures.
- Generate reports and provide accurate information to support management decision-making.
- Provide face-to-face and virtual technical support for the Education Management Information System (EMIS) and National Learning Management System (LMS).
- Create and manage user accounts and perform password resets for teachers and students.
- Deliver training sessions to teachers, principals, and Ministry personnel on education information systems.
- Respond to stakeholder enquiries and resolve system-related issues promptly.
- Participate in meetings, implementation planning, and digital transformation initiatives.

- Maintain confidentiality and security of sensitive records and information.
- Assist with administrative duties and documentation.

Data Operator

October 2023 – March 2024

- Entered, updated, and maintained electronic records within the OPEN EMIS platform.
- Verified and validated data to ensure completeness, accuracy, and compliance with Ministry standards.
- Maintained organized electronic records for efficient retrieval and reporting.
- Conducted school visits to support system implementation and user training.
- Assisted with data analysis, report preparation, and administrative coordination.
- Responded to stakeholder requests and provided technical assistance.
- Supported records management activities and ensured data integrity.

ICT Support Intern
October 2021 – October 2023

- Created and managed Google Workspace for Education accounts for teachers and students across Jamaica.
- Provided national Help Desk technical support by troubleshooting user account and system issues.
- Delivered training sessions to principals, teachers, and school administrators on Ministry information systems.
- Validated, updated, and maintained school data within Ministry databases.
- Assisted with the implementation of digital information systems and ICT initiatives.
- Responded to technical support requests via telephone, email, and remote assistance.
- Maintained records of support requests and system activities.
